I highly recommend Heirloom Fine Foods. We used them for a birthday celebration at our home and it was a total hit.

We had a taco truck parked on our driveway (with tasty options that met all dietary needs) and a wonderful staff serving snacks in the backyard beforehand. For us this was easy setup and cleanup because other than having a large table available they brought everything! As hosts we got to really enjoy our party. Ami was amazing in all the pre planning of menus and needs and chef Steffen and the team delivered an awesome experience that ate guests raved about. Thank you!

We hired Heirloom Toronto to cater lunch for 150 guests at our corporate open house, and they absolutely exceeded our expectations! From start to finish, working with Ami and her amazing team was a fantastic experience.

Communication leading up to the event was smooth and stress-free — Ami helped us design a delicious menu and made the entire planning process so easy. On the day of the event, the team arrived right on time, set everything up seamlessly, and served with such warmth and professionalism.

The food was incredible — everyone was raving about it! We received so many compliments from our guests about both the quality and presentation. The staff were friendly, attentive, and efficient, and truly contributed to the success of our event.

I can't recommend Heirloom Toronto highly enough for any function.

I had the best experience with Heirloom's food truck.

🌟 I ordered a fully vegan menu and it was a huge hit with all my (non-vegan) guests! Everyone ate a ton and even took food home for lunch the next day. 🙌

We cleaned out the truck completely.

The general tao tofu sandwich and the chocolate chip cookies were particularly well received. 🍪🥪 I will 100% hire this truck again, the whole experience was smooth and delicious 😊

We hired Ami and her team at Heirloom for our wedding reception and they were incredible to work with from the very beginning. The menu offerings are unique and fresh with tons of options. Our tasting was a great experience, set up in their amazing industrial kitchen warehouse. Ami is organized, thoughtful and a talented chef. She also sets up a beautiful presentation for the food on day-of. Our wedding guests were raving about the food for weeks after the wedding. We would recommend Ami & Heirloom to anyone looking for a caterer.

Working alongside Heirloom Fine Foods this weekend was truly next level spectacular!! Being a wedding planner, I work with lots of vendors so know amazing service and food when I see it. They are detailed oriented, attentive and really easy to work with. They go above and beyond and made sure my couple was happy from the planning stages to the wedding day. We hired Heirloom to cater our Outdoor event for our "out of town" guests, that we invited to our sons wedding the following day.

let me tell you, what a great choice we made. I had about 5-8 food trucks that we were considering, and I made the right choice.

1. Super easy to deal with
2. Great staff
3. exceptional food (all three choices we decided on)
4. all my guests (approx 85) raved about both the quality of the food as well as the service.

I would highly recommend this company for any event. I look forward to using them again the next time we have an event to plan

We heard about Heirloom through word of mouth and were so happy we proceeded with booking them for our wedding (250 people at a location with no kitchen on site!). Not only was the company organized and great with communication, they were willing to accommodate every single request. We also booked their food truck for a late night snack, and it was a HUGE hit! Thank you for making our wedding an absolute dream!

We recently used Heirloom Catering for the opening of our luxury showroom. Well over 200 guests enjoyed the amazing food and service. Ami, Steffen, and their team, did an outstanding job from beginning to end. The grazing stations were incredible but the food truck was a hit, and the desserts (including the mini cheesecakes)... WOW!

I had the pleasure of enjoying Heirloom Catering's delicious offerings at a recent wedding, and I must say, the Pineapple BBQ Jerk Chicken and Chipotle Rubbed Brisket were nothing short of amazing! The flavors were exquisite, and it was evident that they put great care into their cuisine. Heirloom Catering truly elevated the wedding experience with their fantastic food.

Words cannot describe how amazing the Heirloom team were at my wedding! We hired the food truck to cater our backyard event, and every guest said that it was the best food they've had at a wedding! From the beginning, Ami was incredibly helpful with all my questions, planning a menu, and working to accommodate dietary restrictions.

The staff were all incredibly friendly and attentive, and wait times were nothing! The team worked flawlessly to ensure that every guest got exactly what they needed. We are so happy with the experience, and recommend Heirloom to everyone!

Recently, we celebrated our wedding in Cobourg, Ontario. We had an amazing experience with Ami and the whole team at Heirloom Toronto. Not only was the food fresh, delicious and locally sourced, they were able to include some family recipes to make the event extra special. We received multiple comments on how friendly and helpful the staff was and dealing with them ahead of the event was easy as well! I would gladly hire them again and would absolutely recommend them for your next event!

My husband and I recently had the privilege of working with Heirloom Toronto for our wedding and WOW, where do we begin on expressing how impressed we were, not only with the quality of the food but also with their client/customer support.

Ami was an absolute dream to work with. She was always quick to respond to our (many) emails, coordinating everything we needed or thought we'd need for our big day. She consistently went above and beyond to assist us not only with our menu but with rentals as well; researching companies that would deliver to our venue and more.

Now the food... if you've never had the joy of experiencing Heirloom's savoury items, you are missing out!!! Our wedding was just over a month ago and our guests are still raving about how delicious and unique the flavours and options were. We always knew we wanted a food truck at our wedding but we couldn't have imagined how incredible the quality and presentation was. From grazing stations to passed apps, from the entrée dinners to dessert and finally to the late night eats, everything was perfection.

If you're looking for an incredible dining experience that is relaxed but elevated with a touch of luxury, then Heirloom is top choice! We would highly recommend them to anyone looking for a unique experience that will leave your guests complimenting your event for weeks to come!!

Thank you again for making our day so special!

I wish I could give a million stars.... 🍷❤️

There are so many great things to say about this company. From the kind and sweet owners, to the outstanding full catering service, and the very tasty and AMAZING food. Heirloom Catering, was the caterer for my wedding a week ago in Stouffville, Ontario (on a farm) and let me say that it was a complete SUCCESS. Big shoutout to Ami, for organizing the meals, and helping us plan throughout the process. Everyone loved the food, the service, and the QUALITY. Everything was made fresh, top quality ingredients, and you can taste it! Wish I could live it all over again, so I can taste your amazing filet mignon again! So after our honeymoon, it looks like we'll just have to chase down your food truck! 5+++ stars!

Highly recommend!
